

DBG TONAL REVERSE ALARM

257.008

**BEEP, BEEP
(TONAL)**

This Dun-Bri Group tonal reverse alarm emits the sound 'Beep, Beep' at 97dB(A) when your vehicle is in reverse gear alerting all those around. The Night Silent (Double Engage Reverse) feature allows the driver to disable the alarm and reverse in residential areas during restricted hours without waking local residents. With a reinforced polycarbonate housing and a IP67 rating, this alarm will withstand the day-to-day demands of being on a vehicle. Meets all necessary approvals.
