

Black Bezel

**Black Bezel
(Dark Version)**

These 4-LED marker lights have the additional benefit of being suitable for light mounting bars for extra convenience. The markers can also be mounted onto a flat surface depending on the rubber mount used. The light is also built to be shockproof, and has a low power consumption.

- » Clear lens with coloured LED
- » Fly lead connection
- » Light mounting bars or flat surface mount
- » Current draw: 0.05A @12V / 0.03 @ 24V
- » Power consumption: 0.6W @12V / 1.2W @ 24V
- » -40°C to +55°C operating temperature
- » ECE R10, E Marked
- » Supplied with rubber for light mounting bars, rubber for flat surface mounting, and screw covers
